

AGONY OF DEFEAT

Tigers take a 40-26 division IV win over Brook Hill

Not bad for the second season.

That's how many of the parents summed up Brook Hill's defeat by Muenster on Saturday.

The growing program, however, has changed in only two short seasons.

"We made some huge strides this season with our program, and I think we have a young enough team that we will learn from this loss today and build on this for the future," said Brook Hill head coach David Johnston. "Our kid's played with a lot of heart and left it all out on the field every time we played and today was no exception.

"Take nothing away from Sacred Heart. They have a great football tradition but with the exception of a few turnovers, we were right there, but it wasn't our day today."

The loss ends Brook Hill's second-ever season with a 5-3 mark.

Muenster Sacred Heart got 201 yards on the ground from Josh Yosten.

Quarterback Nolan Hartman threw for 178 as the Tigers took a 40-26 TAPPS Division IV bi-district football win over Brook Hill School on

Brook Hill head football coach Paul Johnston, left, talks with his team following the Guard's 39-28 win over Rockwall Christian. Brook Hill lost its district game on Saturday against Muenster Sacred Heart in the first round of the TAPPS playoffs.

Saturday at Herrington Field.

Yosten, a Sacred Heart running back, scored four times as

the Tigers held a 26-14, halftime lead. Yosten finished with 112-yards in the win.

Brian Inglehart -- new to the BH program -- rushed for 104 yards for Brook Hill and

scored on runs of 2 and 11 accounting for The Guard's first two touchdowns.

With time winding down in the first half, The Guard changed its tack.

Running back Nolan Rose threw a pass to a Zac Davis for a 62-yard touchdown to cut its deficit to 26-20 at halftime.

TAPPS Division IV, Bi-District Football at Herrington Field
Sacred Heart 14 12 14 0-40
Brook Hill 6 14 0 6-26

First Quarter
SH-Josh Yosten 5 run (Nolan Hartman kick), 8:34

Osteoporosis:

Diagnosis, treatment and prevention.

FREE COMMUNITY EDUCATION SEMINAR:

Noon • Wednesday, Nov. 29
ETMC Jacksonville boardroom

Osteoporosis is a disease in which bones gradually become more brittle and likely to break. Millions of men and women are at risk, and unfortunately, many persons with osteoporosis do not know they have the disease until they have fractured their hip, spine or wrist.

A quick, painless bone density screening can give your physician the information needed to diagnose and treat osteoporosis before a painful fracture occurs.

Join Dr. Gary Rubin, an ETMC First Physician and orthopedic surgeon at ETMC Jacksonville, as he presents the facts about *Osteoporosis: diagnosis, treatment and prevention*. Lunch will be provided. To pre-register, dial **800-648-8141** and press 2.
