Thoroughly prepared to care for your family.

Dr. C. Renee Bean believes a family physician should have the experience and knowledge to diagnose and treat a wide range of health problems.

"Your family physician should be well-rounded enough to take care of 90 percent of your needs. That's the way medicine used to be practiced and I think it's still the best way."

After being in private practice for five years, Dr. Bean is joining forces with ETMC to form the ETMC First Physicians Clinic in Frankston. She'll also work part time at the ETMC First Physicians Clinic in Bullard.

A wife and mother of three, Dr. Bean finds time to go on missions with her church and assist with youth ministries. "I volunteer because I want to instill in my children that it's important to do things for other people."
